REMARKS: There is a fuzzy area in this entire matter, namely, the identification of materials as of the time of the cost projections and the date on which [REDACTED] conducted his comparative analysis of costs. I have attempted to elicit this specific information from COMMO Division but am not entirely satisfied that we are 100% right. I intend, therefore, to show the attachment to COMMO and to obtain their concurrence on the understanding that the analysis conducted at the expiration of the contract was on all

four with the cost projections on 6 June 1949.  
Approved For Release 2001/11/13 : CIA-RDP57-00384R000800110051-8  
Otherwise, I believe we are ready to go.
